## Activity Report

**Name of Activity:** Prosthesis Assessment camp

**Department:** Cardiovascular and Respiratory Sciences PT

**Date:** 22.03.2022

**Time:** 9 am to 3 pm

**Place:** PMC Arogya Kothi

**Online / Offline:** Offline visit.

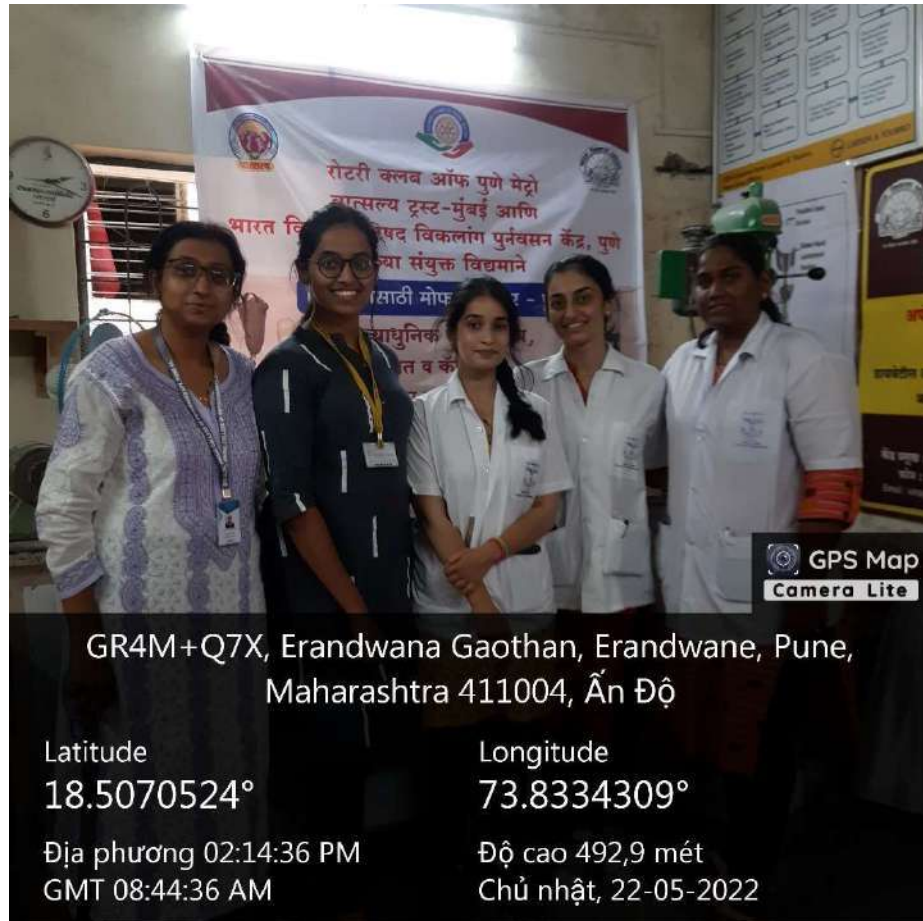

**Outline of activity:** Rotary Club of Pune Metro, Vatsalya Trust Mumbai and Bharat Vikas Parishad Punarvasan had conducted a camp for distribution of artificial limbs for all types of amputees and calipers for polio and Cerebral Palsy patients.

Total 60 patients took benefit of the camp. Our students did assessments of patients. Wheelchair bound amputees were given crutch training, strength and balance exercises were demonstrated and the same were advised to be performed at home as well. Students saw how measurements of prosthesis are taken. Prosthesis and orthotics professionals also explained them about measurements and modifications to be done. Many patients were unaware about improving strength, balance and endurance of limbs before prosthesis fitting. Almost 90% of the patients didn't receive strengthening and balance training post discharge from the hospital. Overall, patients lacked knowledge about rehabilitation centres and physiotherapy centres available for the treatment. This camp gave our students very enriching exposure. Distribution of the prosthesis through this measurement camp will be conducted on 19<sup>th</sup> June 2022.

**Participants/ Attendees:** 4 IV year students and 1 faculty
