Respected sir / madam,

This is to inform you that as a part of our Corporate Responsibility (CSR) initiatives, we are driving various activities for societies under various themes like Water Neutrality, Solid Waste Management, NGO –Development, Model Village and Afforestation.

As a part of our Solid Waste Management initiative we have undertaken various projects like Plastic Waste, Zero Garbage, Food Waste and E-Waste.

E-Waste includes Electrical and Electronic Waste. E-Waste is classified as hazardous waste because it content many toxic ingredients. E-waste includes households appliances, computers, entertainment electronics gadgets, mobile phones, lighting equipment, medical devices and other items that have been discarded by its original users.

Electronic industry is fastest growing industries today. There is huge gap between the generation and recycling of E-Waste. The gap can be minimised by improving channelization of E-Waste by proper collection and accountability with your great support.

May I request you to help us in this social drive to create awareness among the citizens and organize collection drives for E-waste and Plastic Waste in your area.

We along with PMC, NGO – Janwani & Poornam Eco Vision looking forward to your active support in making this social initiative a success.

For any query you may contact Sampat Khaire : 77200 28498 from our Cummins and Bhagyawant-9146005021 from NGO Janwani. Mr. Prakash Shimpi: 9075008994 From Poornam Eco Vision.

Thanking you
