Dear dr Pagare,
As we spoke briefly on phone last week I take pleasure in accepting this invitation. We have had very satisfying experience with the Holistic approach in our Cardiac Care & Counseling Center since 2015. A dedicated Cardiac focused Yoga Pranayama course & Diet/ Lifestyle advice has been accepted as the most proven approach worldwide. In our humble Team efforts we have adapted these concepts to our Indian City & Village dwellers both. You may specify if I need to discuss specific areas of concern from your Experience.
Looking forward to connecting,
Regards to your Team members
Yours truly,
Dr Archana Sathe

"NO TO PLASTIC" – Awareness Campaign

The hazards and ill-effects of using plastic are well known. Various drives and regulations have been implemented by the government in order to address such serious issue. But, unfortunately plastic is still in use, posing a great threat to Mother Earth. This serious issue needs to be addressed at all possible levels.

In a small attempt, "No to plastic" - awareness campaign was conducted by D.E.Society's Brijlal Jindal College of Physiotherapy in and around the college campus on 3rd October 2019.

Students were given prior intimation about the program and were asked to prepare charts and posters in order to create awareness about the hazards of using plastic in various forms. Posters were put up at different sites, eg: canteen, college entrance which would help to address larger groups. Students were divided in different groups, certain areas were identified which had plastic waste, and the students helped in clearing the area, and making it a better place.

Students were also asked to circulate the images of posters and the campaign on social media at various handles, like twitter, instagram etc which will further help in creating awareness.

The college also plans to conduct similar campaigns once every month, which will involve students of different classes (first, second, third, fourth year), which will ensure participation by all in this important cause.
